Legend

Explosion-proof glass film

Easy clean treatment with nano coating

Nano Technology
Easy Cleaning
Anti-mildew
Germ resistant

NanoCoat glass treatment resists water and dirt build up to keep bath and shower doors looking like new. No need for harsh cleaners, just wipe clean with a soft towel. Therefore using nano coated glass can reduce frequency of cleaning, extend glass life circle, save labor and detergent.

Nano coating glass is a special nano technology product with a Long-term hydrophobic effect on glass surfaces by applying nano coating onto glass to form a surface protection that can reduce static electricity effect, prevent glass from adsorbing dirt and keep glass surface clean.

Series KOST

Kost series are including a shower tray, 5/16"(8mm) thick tempered glass, brush silver aluminum finish and 55mm dia.durable stainless steel roller.

1.Stainless steel door handle.

2.55mm dia.stainless steel top roller

3.Black POM wheel sleeve, heat resistance and wear resistance, good integrated performance.

4.Available in Brush Nickel, Brush silver, Chrome and other finishes.
