# FOOTBALL TURF SYSTEMS

As a FIFA licensee, CGT is dedicated to offering the best artificial grass for football fields, with FIFA Quality and FIFA Quality Pro pitches worldwide.

- ✓ FIFA licensee since 2019
- ✓ Developed 20+ football turf systems for various levels of games
- ✓ Preferred by premier football clubs and international tournaments

## FIFA PROJECTS WORLDWIDE

## NON-INFILL TURF

A greener alternative to 3G infilled turf but still able to meet high sports performance demand.

### GREAT PLAYABILITY

The soft and resilient pile fibers combined with a dense thatch layer ensure natural and non-directional ball rolls to meet high sports performance demand. Double layer PP + leno backing (or PU backing) guarantees ultra-strong tuft lock.

### ECO-FRIENDLY SOLUTION

Free of rubber infills, it's a greener choice without the fear of infill loss and safer for teenagers and children.

### EASIER TO INSTALL, MAINTAIN & RECYCLE

Less transportation and handling are required during installation and the carpet can be removed easily at the end of use life.

## MULTI-SPORT TURF

CGT multi-sport synthetic turf is incredibly versatile, accommodating a wide range of sports including field hockey, tennis, padel, golf, gyms, running tracks, etc.

- ✓ Kdk curled yarns, air-texturized yarns and fibrillated yarns available
- ✓ Designed to meet top-level FIH standard
- ✓ Combine various sports onto one surface for maximum return on investment

# LANDSCAPE TURF

CGT Landscape grass is incredibly versatile. It can be used not only for decorating lawns in gardens, parks and public gardens, but also for finishing balconies, public spaces and interiors.
