Each different tiles series is produced to meet different performance requirements. For specific product technical performance, please request from **KITO** sales team or their agent or distributor.

Colour Variations: Since the colour reproduction in this printed piece will vary from the actual tile colours, final selection should be made from tile samples. Colour, shade and glaze variations may exist due to the inherent characteristics of porcelain tile.

ABOUTUS

KITO paves its way to be the leading brand specializing in glazed porcelain tiles since its establishment in 2004. Onwards, KITO soars to the top fast and at present, it stands proud as one of the top three glazed porcelain tiles brands in China.

With more than 120 dedicated engineers and professors, 43 types of patented technologies and products to its name, it is no doubt that their unwavering investment in cutting edge research and development (R&D) efforts produce excellent results. By pushing the envelope of product development beyond market expectation, KITO's strategy cemented its position firm and strong.

KITO collections run in various sizes from 300×600mm to 1600×3200mm with thickness variation between 9mm to 20mm. It also comes in six different surface finishes namely full-polished, lappato, matt, rough-finished, honed and stone touch. The collections are also designed via various printing methods , rotogravure, and inkjet printing. The collections are also produced in compliance to EN14411:2016 standards and specification according to TQC System principles.

TRANI BEIGE

Affectionally styled as Cosmic Latte, this pale sandy fawn tone breathes warmth into the space it confines. Often preferred for its ability to accentuate decor pieces - while basking in its glorious form in the background.
